PRESS RELEASE

May 8th 2010

French WTKA Japan Kick Boxing Championship

Halles des Sports de la Condamine, Montpellier

146 athletes met on May 8th of this year in Montpellier for the WTKA Championship French Cup of Japan Kick Boxing.

This competition of a very high level was the 1st French Cup of Japanese Kickboxing (boxing, feet/fists/knees) thanks to the WTKA.

The organizing club (Body-Fighting Club) had supplied a new fighting cage (the first one in France), an octagon of a 6 meter diameter, in which took place the fights in full contact!

The athletes came from all over France, stemming from various fighting schools (Full contact, Kickboxing,

Muay Thai, Bando) and of all ages, fought with great courage. The many spectators appreciated very beautiful fights during this day, from 9 AM to 10 PM, livened up by

Ruddy Renaud at the microphone and a rock group called Evil Jack Country. 73 fights in the form of assaults (light-contact) and of combats (full-contact) were of the highest level. The fighters must be congratulated for the great performance that they supplied during this event. We can also mention the very good results of Body-Fighting which count no less than 8 French Champions and 3 Vice-Champions

This competition is the 1st National Championship organized under by the Bodyfighting representing the WTKA Federation in France, which is a dynamic federation in the

world of the martial arts. This Federal Championship was very strictly supervised with the presence of the National Union of the First-Aid Rescuers accompanied by 2 doctors and an osteopath to insure the safety of the athletes.

This French Championship was such a success, that a Second Championship has already been planned for April 2011 in Montpellier, in the form of Multidisciplinary Championship (Japan-Kickboxing, Full-contact, Thai Boxing...), opened also to the foreign boxers. It promises to be grand!!!!
